“Semester’s Best Shots”

Fall 2021

COM 340 / PHOTOJOURNALISM

Buffalo State
Vs. Cortland Home Meet.

Out of coincidence, there was around 4 other photographers at the meet,
so a generous number of subtle poses going around from both teams.

Coach Mike
and Ashley.

Shot right
before the
400m free
relay, they
were most
likely
evaluating
times.

Swimming Cap

I've learned that there is a meticulous technique to putting these things on.

Bengal Dare to Care Event

The event was relatively short, but it was a welcoming experience and the people we were assisting truly made us feel at home.

Besties

The hotel trip was relaxing.

Unfortunately, I stayed up all night doing homework, but I did get a lot of interesting pictures from lounging in the lobby.

The Twins' Photo Shoot

They were both slightly reluctant to do the shoot during the meet, but as film majors, they were more than happy with the results

RED DRAGON SAFE

**Wash your hands
the right way**

Follow these five steps:

1. Wet hands with clean, running water
Scoop up plenty of soap and work it into a lather.

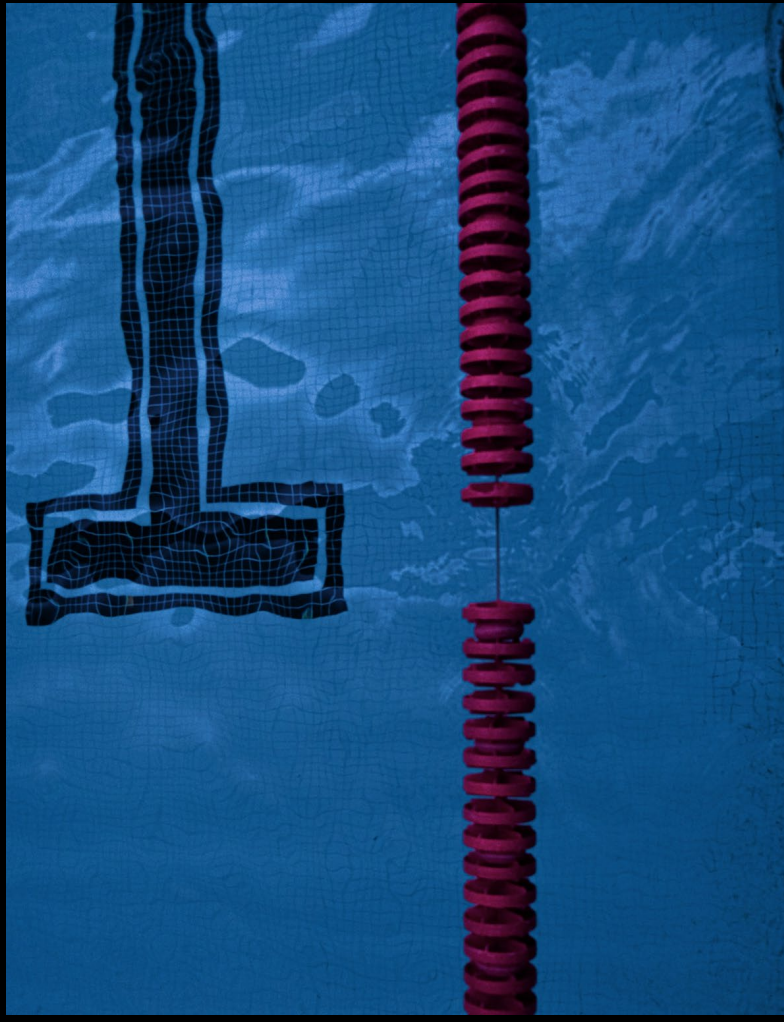

Blue Collage

Blue is undoubtedly my favorite color, so I figured that taking pictures of various pools would give me a wide variety of tones to experiment with.

Flow Night

I'm a regular at Flow Night so it wasn't too hard getting these shots. This was the first real shoot after getting my Fuji xt-30 so my overall goal was finding ways that I could accentuate the fire.
